DECEMBER CHALLENGE · THE PLAN

Over $10,000 in prizes. Every entry is a new follower.

November builds the waitlist and December runs the challenge. The prize is what every practice actually wants: a professional shoot of their office. ManyChat now captures every person who raises their hand, and the tag loop turns each entrant into five more practices hearing about Adit.

1 The prizes: a Puro Flow shoot for the top 3 offices

1 FIRST PLACE

Full branded photo + video shoot

$5,000 value

- A photo + video shoot in their office
- A bank of reels for their socials
- Doctor and team portraits
- Office photos for their website

2 SECOND PLACE

Video + photos for their website

- A hero video for their homepage
- A set of office photos for their website

3 THIRD PLACE

Office photo shoot

- Doctor, team and office photos they can use everywhere

$10,000+ in prizes for the top 3 offices. For comparison, October's prizes were $1,750 in gift cards.

Why it matters: Puro Flow produces the shoots, so Adit isn't paying production costs. While we're in each winner's office, we film Adit content too: testimonials, reels and B-roll. Three winners, three new stories for Adit in January.

2 The timeline

NOV 2 TO 30
Waitlist month
Every comment, Story reply and DM runs through the new ManyChat flow. Storytelling posts warm practices up.

DEC 1
Launch

MANYCHAT · LIVE AS OF NOV 2

What ManyChat now does for every new person.

Four ways in, one follow gate, five quick questions. Nobody gets on the waitlist without following @get_adit, and every entrant leaves us their practice, vertical, email, cell number and whether they already use Adit.

1 The flow, step by step

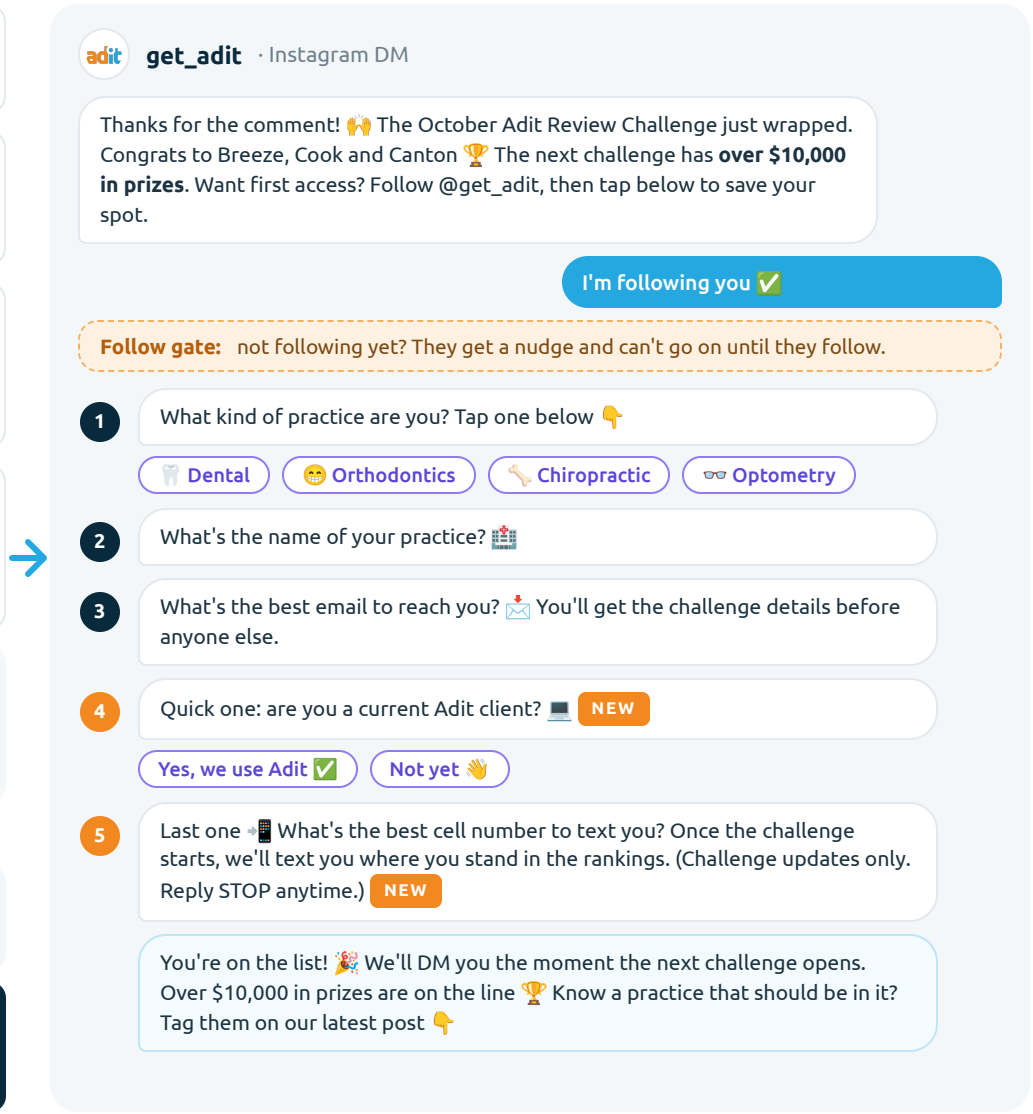

Comment CHALLENGE LIVE
On any @get_adit post or reel.

DM CHALLENGE LIVE
Anyone who sends @get_adit a DM with the word.

Reply to a Story NEW
Reply CHALLENGE or WAITLIST to any Story. The reply gets a ❤️ and the DM.

Every way in is follow-gated
Each one opens the same DM, and the DM won't go on until they follow @get_adit.

THE COMMENT FLOW SO FAR

74 DMs sent	**58** unique contacts
19 emails captured	**0** cell numbers, until today

2 What we capture, and what it's for

Follow + Instagram handle
The follower count, and tagging them in every leaderboard post

Practice type
Dental, ortho, chiro or opto content, and the right Adit rep

Practice name
Their Google review count, the leaderboard and the match to Adit's client list

Email
The waitlist emails, the weekly "where you stand" email and the demo campaign

Current Adit client? New
Yes: testimonial and referral path. **Not yet:** the demo path for the sales floor

Cell number New
Weekly ranking texts and the final 48-hour alert, with SMS consent saved

HOW IT SPREADS

One practice brings five. Five bring twenty-five.

Every entrant tags doctors and office managers outside their own office for bonus points. Every tag puts an @get_adit post in front of a new practice, and every one of those practices has to follow @get_adit to get in.

1 The tag loop

The DM ends with "Know a practice that should be in it? Tag them."

What three turns of the loop add up to

Illustrative: 100 entrants each tag 5 practices, 1 in 5 tagged practices joins, and every new entrant tags 5 more

PRACTICES REACHED

Turn 1	500
Turn 2	1,000
Turn 3	1,500

ENTRANTS, EVERY ONE A FOLLOWER

Start	100
Turn 1	200
Turn 2	300
Turn 3	400

100 entrants become 400, and 1,500 practices see Adit, with no ad spend.

October's lesson: only 5 practices used tags, 15 tag points in total, with tag points capped at 10. **Our recommendation for December:** tag points count when the tagged practice joins the waitlist. Real referrals, not random tags.

2 The new follower campaign

every door leads to a follow

LIVE

Follow gate on every door

Comments, DMs, Story replies and the waitlist link all require following @get_adit before the DM goes on.

LIVE

Story replies

The trigger is live. Next: three Stories a week that end on "Reply CHALLENGE." Every reply gets a ❤️ and the DM.

LIVE

The waitlist link

ig.me/m/get_adit?ref=waitlist goes in the bio, every email, every text, Facebook group posts and sales follow-ups.

ADIT TEAM

The sales floor

Every demo and call ends with 20 seconds on the challenge: "Comment CHALLENGE on our latest post," or a text with the waitlist link.

NEXT

Winner collabs

Breeze, Cook and Canton post their stories as collabs, so their followers see Adit. Then doctor influencer collabs, the Dr. Nick play from the roadmap.

NEXT

Where-you-stand Stories

From Dec 1, the weekly leaderboard goes to Stories, which mostly reach followers. Want to see your rank? Follow.

1,483 @get_adit followers on Oct 31, up from 1,449 on Oct 1. North star: 10,000. Every number on this page is built to move it.

WHERE YOU STAND

An email and a text every week of the challenge.

ManyChat now captures email and cell with SMS consent, so we can switch on a ranking campaign at any moment. Nothing keeps a practice asking for reviews like knowing exactly how far they are from the spot above them.

NOVEMBER CONTENT

Storytelling is what's winning. November gets practices ready to tell theirs.

Right now, the posts that win are real people telling real stories. One reel we filmed with Dr. Nick drew 3,137 comments and 3,000+ new followers for its sponsor, with no ads. This month's posts show practices why their story matters, so in December they want to tell it, and the prize is a professional shoot to tell it with.

1 The November storytelling posts

FRI NOV 6

The prize reveal: the next prize is a shoot

The top 3 offices win a professional shoot of their office. A short motion reel in the style of the winners post, scored to Latch. Waiting on Adit's OK.

FROM NOV 9

Winner stories: Breeze, Cook and Canton

Each winner films a short video in their own office: what the challenge was like, what worked, what didn't, and why reviews matter. Each one posts as a collab with Adit.

MID-NOVEMBER

Why your story wins

The doctor on camera, the team, a real patient moment. A short post on what makes an office story work, and why patients choose the office they feel they already know.

LATE NOVEMBER

What a $5,000 shoot looks like

Behind the scenes of a Puro Flow office shoot: the prize practices are playing for, shown before the challenge opens.

LATE NOVEMBER

"Your office already has a story"

Three prompts any team can film in their own office: why you started, a patient you'll never forget, and what your team does differently.

EVERY POST

The waitlist ask

Every post ends the same way: comment CHALLENGE for first access to $10,000+ in prizes.

2 What we need from Adit

1. **Approve the December prizes** and the "over $10,000 in prizes" framing.
2. **Approve the tag rule:** tag points count when the tagged practice joins.
3. **Pick how ranking texts and emails send:** ManyChat's email + SMS, or Adit's own texting.
4. **The sales floor:** 20 seconds on the challenge at the end of every demo and call.
5. **Approve this week's two posts:** Shelley's live AI call (Thu) and the prize reveal (Fri).
6. **December scoring idea:** bonus points for posting your office's story and tagging @get_adit.
